

## Three & Four Year Old Class

Happy New Year from the Three and Four Year Old Classroom,

January was all about winter and snow. Our class learned why we have snow and how snowflakes are formed. We also learned about the different animals that hibernate and migrate. We studied polar animals and what makes them suitable to live in cold climates. After spending so much time learning about snowy cold weather, we took a break during the last week of January to dream of warmer places and celebrated Aloha week. We made flower leis and sandcastles, explored seashells and read many books about tropical fish. We practiced writing and recognizing the letters W, S, B and J.

We enjoyed seeing everyone at our Preschool Fundraiser Brunch on Sunday, January 18. It was great to having our preschoolers sing in church that Sunday, and to show our families their art projects!

February will start off with Groundhog Day, and our class will be exploring shadows. We are all looking forward to having our moms and grandmas visit our classroom for Muffins with Mom!!! We even get to make mudpies with them! We will be learning about our beating heart, celebrating Valentine's Day, learning ways to take care of our teeth and talking about the importance of seeing our dentist regularly and we will finish the month with learning about Dinosaurs. We will be focusing on the letters K, M, N and U.

March is sure to be a fun month! We will be learning about leprechauns, Saint Patrick's Day, feeling lucky, and we will also begin to talk about the Easter holiday, and springtime! We will focus on the letters X, Y and Z.

--Ms. Marissa

## Pre-K Class

Hello First Lutheran!

We hope 2026 is going very well for you!

We began the year with making a fun snowman and writing “2026” on the snowman’s hat. We had white, black, stripe, backwards day, inside out day, silly hat day and hopefully our 100<sup>th</sup> day on Feb. 5<sup>th</sup>! (if we don’t have any snow days.) We are learning about snow, ice and water. They can tell you the difference between a solid, gas, and liquid.

They have lots of new centers. They can read around the room with pointers! They know many words, numbers, letters and shapes. They have a ton of wood blocks in the block center and are having a blast creating with them. Soon they also will have a music center and will make some of the most beautiful music.

They are getting really good at making snowflakes out of coffee filters and paper. We have a pretend paper friend on the wall and we are surrounding her with snow. They also painted with puffy paint, and played with shaving cream on the table. Oh, it is so much fun!

Our teddy bear picnic day is coming soon! The student’s will bring their teddy bear or other favorite stuffed animal. The stuffed animals will join us on our busy day. We’ll even have a picnic with them and eat pizza! Some might want to have a tea party with them, too!

By the time you read this our Preschool Brunch will be over and I am sure it will be another fun time! Thank you for your support and coming to see what we are up to. Donations that we receive at the breakfast will go towards our scholarship program with our goal of \$4,500. Preschool registration is now open to the public!

Valentine’s Day is just around the corner! Tell those family and friends how much they mean to you!

Have a blessed February!

Mrs. Amanda and Mrs. Sonya

Thank you to everyone who donated food, drinks, money, and their time to the Preschool Brunch Fundraiser.

We raised \$1,130 for the Preschool Scholarship Program!
